

## Material Specification

**MATERIAL:** Diethyl Malonate  
**CAS:** 105-53-3  
**FEMA:** 2375  
**PRODUCT IDs:** F02375FK-0995, F02375FN-0995

### **SPECIFICATION**

<b>Infrared Spectrum</b>	Conforms to FCC-IV Monograph
<b>Assay</b>	99.5% minimum
<b>Acidity</b>	Less than 0.08%
<b>Moisture</b>	Less than 0.08%
<b>Appearance</b>	Clear liquid
Country of Origin:	China (P.R.C.)
Food Grade Certification:	We certify this product is safe for indirect human consumption when used at the levels and in the manners appropriate for producing flavor or fragrance products.
Non-GMO Certification:	We certify this material is not gene-modified, does not contain gene-modified organisms, nor is it produced using modern gene modification technologies.
Allergen Statement:	We do not have information concerning any potential allergic effects from the use of this material.
Nutrition Statement:	We are not aware of any significant nutritional value in this material.
